

How to Self-Enroll in the NLC OWL (Online Writing Lab) Community

1. First, log into eCampus

NOTE: You will need to log into your eCampus account before being allowed full access to the community.

2. Go to the Community tab.

3. In the Organization Search box, type in North Lake.

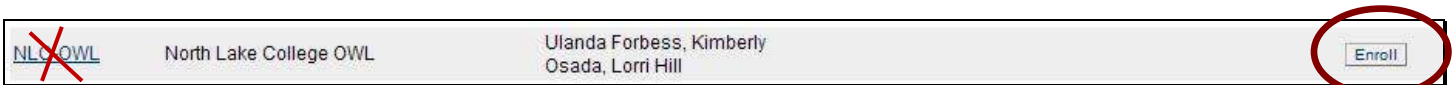

Organization Search

North Lake

4. Locate the NLC OWL organization from the list of choices.

5. Look to the far right of your screen, click on the **Enroll** button to self-enroll in the community.

NOTE: Do **NOT** click on the Organization ID prior to clicking on the Enroll button. This will allow you into the Community to Meet the Tutors, but will not allow you to access all the community materials. If this should happen, simply start over by clicking on the Community tab and begin the search again. Enrolling in the Community allows you full access to all content and materials.
